

Disposable Respiratory Tube for Anesthesia Machine and Ventilator

陕械注准20182660032

Product features

- Used in connection with anesthesia machine or ventilator. Various models and specifications are available for selection.
- Individual packaging, ethylene oxide sterilization, single use.

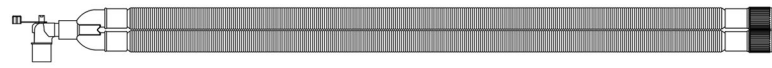

Clinical guideline

- For patients under general anesthesia or intensive care.

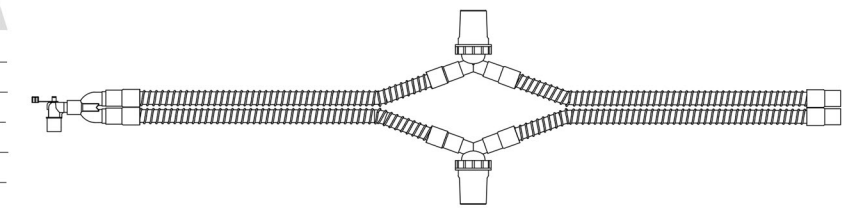

Anesthesia Circuits (double tubing type)

Ventilator Circuits (double water-collecting cup type)

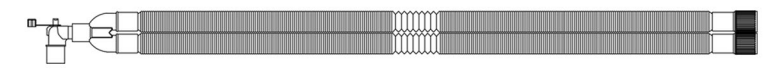

double tubing type			
Code	Size	Length	Qty
082100	DRMH-MC01	0.8m	25
082101	DRMH-MR01	0.8m	25
082102	DRMH-MC02	1m	25
082103	DRMH-MR02	1m	25
082104	DRMH-MC03	1.2m	25
082105	DRMH-MR03	1.2m	25
082106	DRMH-MC04	1.4m	25
